

A HOMEOWNER'S GUIDE:

WHAT TO EXPECT FROM YOUR CONSTRUCTION TEAM DURING YOUR BUILD

Creating your dream outdoor space is an exciting journey. As Regina's premier landscape construction team, we believe that understanding the construction process is key to a smooth and successful project. Here's your comprehensive guide to what happens when your landscape transformation begins.

THE PRE-CONSTRUCTION PHASE: SETTING THE STAGE

Before the first shovel hits the ground, several important steps have already taken place, but a few more are still waiting. Your dedicated foreman will reach out approximately one week before construction begins, providing you with critical information and the pre-construction payment details. During this phase, we'll also coordinate utility line marking to ensure safe excavation – a crucial step that protects both your property and our team.

BREAKING GROUND: THE CONSTRUCTION KICK-OFF

When construction day arrives, our professional team will transform your property into an active work site. This includes:

- Strategic equipment and material placement
- Professional work zone identification
- Detailed site layout by your foreman
- Comprehensive photo documentation of initial conditions

THE BUILDING PROCESS: DAY-TO-DAY OPERATIONS

Our standard working hours run from 8:00 AM to 5:00 PM on weekdays. During this time, you can expect:

- Regular weekly progress updates from your foreman
- A consistently clean and organized worksite
- Professional documentation of any project changes
- A team equipped with proper safety gear and following safety protocols

QUALITY ASSURANCE: THE PEREGRINE DIFFERENCE

2

What sets us apart is our unwavering commitment to quality. As Saskatchewan's only certified Techo-Bloc Pro Contractor, Regina's only Belgard Master Craftsman, and Saskatchewan's only Certified Aquascape Contractor, we maintain the highest standards through:

- Regular site inspections by supervisors and designers
- Comprehensive build documentation
- Strict adherence to certified construction methods
- Ongoing quality checks throughout the project

PREPARING FOR SUCCESS: HOMEOWNER TIPS

To ensure your project runs smoothly, consider these important points:

1. Maintain clear access to your yard
2. Secure pets during construction hours
3. Communicate any specific concerns upfront
4. Keep our contact information handy for questions

WEATHER CONSIDERATIONS AND TIMELINE MANAGEMENT

While we strive to maintain precise schedules, Saskatchewan weather can sometimes present challenges. Rest assured, our experienced team will communicate any weather-related adjustments promptly and work efficiently to keep your project on track.

COMMUNICATION: YOUR KEY TO CONFIDENCE

Throughout your project, you're never alone. Our team maintains open lines of communication, ensuring you're informed and comfortable every step of the way. From regular updates to prompt responses to your questions, we're here to make your landscape transformation as smooth as possible.
